Having regard to the fact that already six months in the year are over, it is not likely that such a large amount as Rs 9,70,000 would be required for the outlay of the several works. In regard of getting individual works sanctioned now & then, it seems desirable to get a programme of works — roads & bridges — sanctioned for a period of five years & work it out, as has been done in the Kadapa Distt. This would be better than the method of getting a programme sanctioned every year as is being done now. For the Distt Board would be well-advised to carry out all the works for which

13 The Railway Cess is being levied in the Chitaldrug District at the rate of six pies on all items of revenue on which local cess is levied. (G.O.No.10498-503/L.B.236-14-3 dated 22nd June 1915).

14 The amount available at the credit of the Chitaldrug District Board under this fund (Railway cess) on 1st July 1936 is Rs.12,93, 571-10-8. The details of road and bridge works sanctioned to be met out of this fund are given in the statement.

15 The following works have since been sanctioned by Government:-

Kellodu bridge:	Estimate Rs.83,800:	Half of this is to be met by the District Board, i.e., Rs.41,950
Jagalur-Kanamadu Road.	-do- Rs.1,300.	(Sanctioned in G.O.No. L.4924-6/L.B.122-35-4 dated 12th January 1937)
Hiriyur-Dharmapur road.	Estimated cost not known.	Two-thirds of this estimate is to be met by the District Board and one-third by Govt.

16 Every year the District Board sends up a programme of works to be sanctioned and taken up out of the railway cess interest. A programme for 1936-37 has been received and referred to the Chief Engineer for opinion. The Dist. Board have therein sought the sanction of Government to utilise also the annual railway cess realisations amounting to about Rs. 50,000. The return of the file with the Chief Engineer's opinion is awaited.

17 Chitaldrug Dist. Board budget estimates for 1936-37 is herewith submitted.

Programme of works to be financed out of Rs 1,25,000 interest etc in Khilafat Fund

There are two points on which orders are required in this case:-

1) The first one relates to the approval of the programme of works for bridges (to be taken up during the current year (1936-37) out of the Rs 1,25,000 Fund interest

(2) Utilization of the Rs cess collected every year, by the Board for road & other improvement works.

10 In regard to (1) above, a provision of Rs 50,000/- has already been made in the budget of the Board for 1936-37 for the works. The grant required for the year 36-37 is said to be Rs 1,17,000 or Rs 55,000 more than the above provision. The Chief Engr considers it necessary to provide for the full amount as the works are in progress.

On 1.7.36, the Board had a sum of Rs 59,771-10-8 in the S.B. Account. During this month, the sum required if all the works are carried out in full in another three months would be Rs 47229. This amount could be met out of the Rs 1,25,000 / 59,771 / 47229

(Through the Deputy Commissioner, Chitaldrug District.)

Sir,

I have the honour to state that the Executive Engineer, Chitaldrug Division having in his letter No.31, dated 25th Aug. 1936, (copy enclosed) sent up a list of original incomplete works and special repairs proposed to be undertaken during this year out of the interest on Railway cess amounting to Rs.1,07,000/- against the sanctioned allotment of Rs.52,000/- provided in the current year's budget. This subject was placed before the District Board at their meeting held on 10th & 11th October 1936 and they have resolved that the amount alloted in the budget may be given.

It is seen from the list sent by the Executive Engineer that there are 4 incomplete original works (roads and bridges) with an estimated cost of Rs.1,62,800/-. A sum of Rs.36,773/- has been incurred as outlay upto end of June 1936 and requiring a further sum of Rs.97,000/- to complete the remaining

remaining works before the end of this official years as noted in the margin as the progress of these works is stated to have been going on very rapidly.

Some of the payments such as towards girders for Bilichode bridge have to be made immediately as the girders have already been received.

Apart from these works the bridge work at Kellode for which an estimate for Rs.90,200/- has been countersigned and this work is likely to be taken up this year and for which the Board has to contribute half the amount.

The Board have also resolved to take up the Janakal Sivaganga road at a cost of Rs.30,000/- and this has been sanctioned by the Government in their order No.L.9586-88/L.B.,126-35-2, dated 17th June 1936.

Further to make up the amount required by the Executive Engineer, the Board have resolved to utilise the Railway cess collection as per amended District Boards's regulation of 1936 and to obtain the sanction of the Government for the same. I may state for the information of the Government that none of these works can be post-poned as some of the expenditure has already been incurred for the same and they are very important ones.

Annualy, there will be an income of about Rs.50,000/- Railway cess and about Rs.52,000/- interest on Railway cess investment respectively to the Board.

Under these circumstances, I enclose herein a programme of works to be undertaken during the year out of the interest on Railway cess and Railway cess collections, I request that sanction of Government may kindly be obtained thereto and intimated early.

Copies of the resolutions passed by the District Board in the matter are also enclosed herein for favour of your kind reference.

Letter No.31, dated 25th Aug. 1936, from the Executive Engineer, Chitaldrug Division, to the President, District Board, Chitaldrug District.

Re:- the works to be undertaken from interest on Railway Cess, Chitaldrug District during 1936-37.

With reference to the above, I have the honour to forward herewith a statement of incomplete works of previous year requiring appropriation during the current year from interest on Railway cess.

It may be seen from the statement that a sum of Rs.97,000/- is absolutely necessary to complete the important incomplete works in all respects during the current year as these works are in such stages as it is not feasible to drag them on for years.

In this connection, I write to inform you that the estimate amounting to Rs.30,000/- for opening out a new road from Janakal Sivaganga is since received sanctioned for execution. I would like to know if the Board can finance the work in addition to the works detailed in the statements. Atleast a sum of Rs.10,000/- is required for this work during the current year if the work is taken up for execution. If it is not possible to find extra funds for this work, I think it is preferable to allow this work to lie over till next year.

A very early reply is requested in the matter as arrangements are to be made to put the work on hand.

Sir,

In continuation of this office letter number C.4.C.129/36-37 dated 24th November 1936, soliciting sanction to the provisional programme of original works and special repairs proposed to be taken up out of the interest on Railway Cess and Railway Cess collections during the year 1936-37 amounting to Rs.1,07,000/-, I have the honor to state that a detailed programme has been prepared by the special committee from the year 1936-37 to 1941-42 and the same has been submitted to Government separately after obtaining the approval of the Board at their meeting held on 30th March 1937.

In this connection, I may be permitted to mention that the modified programme now fixed up by the special committee for the year 1936-37 has been drawn up in consultation with the Executive Engineer in regard to the items of work included in the statement which have already been taken up and the amount that can be utilised during the year amounting to Rs.1,22,627/- as against the sum of Rs.1,07,000/- already submitted.

Taking Rs.59,770/- as opening balance as it stood on 1st July 1936 from the Railway Cess S.B. account and Rs.50,000/- as Railway Cess collections and Rs.53,000/- as interest on investment of Railway Cess for the year, the total amount available for the

year

year will be Rs.1,62,770/- and the amount allotted for expenditure being Rs.1,22,627/- leaving a balance of Rs.40,123/- at the close of the year.

Under these circumstances, I request that you will kindly obtain orders of Government to the modified programme amounting to Rs.1,22,627/- for the year 1936-37 and intimate the same to me early.

The programme of works proposed by the District Board for 1936-37 at an estimated cost of Rs1,23,000 which has been agreed to by the Chief Engineer is approved. A sum of Rs52,000 only has been provided in the Budget of the Board for the current year for financing the works. The Board has, however, a sum of Rs59,771-10-8 at its credit on 1st July 1936 in the Savings Bank Account out of the interest on the Railway Cess Fund. It is anticipated that this sum will be sufficient to meet the expenditure that

may be incurred during the current year, Government direct that the balance of the expenditure ~~on these works which will~~ to be incurred during the next official year be met out of the interest on the Railway Cess and the Railway Cess collections of the Chitaldrug District Board for the year 1936-37.

2. In this connection, Government consider that it is desirable to have a well considered five-year programme of roads and bridges prepared and sanctioned in accordance with which the works may be carried out. The Board is accordingly requested to prepare, in consultation with the Public Works Department, a five-year programme of roads and bridges to be taken up in the district out of the Railway Cess realisations and submit the same for the orders of Government.

3. The question of making available the Railway Cess Collections in the Chitaldrug District for financing such works for a few years will be considered while passing orders on the five-year programme called for above.

Office of the President, District Board,

Dated, Chitaldrug the 5th June 1937.

Dear Sir,

I write to invite kind reference to my letter No.C. 129/36-37, dated 5th April 1937, soliciting sanction of Government to the modified programme of works to be carried out by P.W.D., during the year 1936-37 out of the interest on Railway cess investments and Railway cess collections &c., amounting to Rs.1,22,627/- as against the original programme amounting to Rs.1,07,000/- and to request that you will kindly obtain sanction of Government to the same and communicate to me immediately, as the official year is coming to a close and all the works included in the programme have been in good progress and the Executive Engineer is pressing for the payment of the amount.

The favour of immediate orders in the matter is requested.

Yours very Sincerely,

J Mohamad Imam
